Submitted herewith is a replacement computer readable form and a paper copy of the sequence listing of those sequences in the captioned patent application. The computer readable form of the sequence listing is the same as the paper copy of the sequence listing, i.e. the information recorded on the form is identical to the written sequence listing. The sequence information provided in the Specification is also the same as the sequence listing of the enclosed computer readable and paper forms of the sequence listing.

Please enter the enclosed sequence listing in place of the originally filed sequence listing. This sequence listing is submitted in response to the "Raw Sequence Listing Error Report" and

Notice to Comply with Requirements for Patent Applications Containing Nucleotide Sequence  
and/or Amino Acid Sequence Disclosures, both mailed May 25, 2004.

Respectfully submitted,
